**BIBLE READING PLAN  
STRAIGHT THROUGH FROM GEN - REV**

Reading the Bible regularly should be an important part of your spiritual regimen. Unfortunately, many of us feel too busy or lack the proper motivation to read it consistently.

ENTER THE BIBLE READING PLAN! This Bible Reading plan was created to make your reading of scripture more consistent and enjoyable. Following through with this daily regimen you can read the entire Bible in one year!

Each day, you will need to complete about 4 chapters of Scripture, which for the average reader should take about 10-15 minutes, tops. Simply check off each day as you complete it.

So that you won't fall behind, this reading plan requires only 25 days of reading per month. You will have extra days built into the schedule to catch up on your reading or reflect further on something that caught your attention.

If you are interested in other reading plans (chronological, mixture of OT and NT readings, etc.) or bible study lessons and resources please check out our site: [www.free-bible-study-lessons.net](http://www.free-bible-study-lessons.net)
